3 BIGGEST REASONS WHY MODERN LAWYERS are hiring offshore TEAM MEMBERS

1 SAVE UP TO 70% ON TRADITIONAL COST
The international workers we hire make **above-average salaries** for where they live. Not only are those salaries significantly lower than U.S. averages, you also avoid employment taxes. It's a **win-win**.

2 HIGHER RETENTION RATE AMONG KEY POSITIONS
Each time a domestic employee leaves your firm, filling the position has **\$4,800 in hidden costs**, plus you lose weeks of productivity. Our Replacement Guarantee solves this **costly and annoying turnover problem**.

3 FREE UP YOUR HIGHER LEVEL EMPLOYEES
If you have overworked employees wearing multiple hats (and we all do!), hiring overseas team members to serve as assistants **will relieve that pressure** and skyrocket **focus and productivity**.
